California's school districts are facing numerous and on-going financial challenges as they endeavor to meet the ever-growing demands of today's educational client. New State and Federal mandates, changing core funding mechanisms and an ever more diverse student base all demand resources to fund needed programs. And seeking and securing those resources is a continuously growing challenge.

Our team at Acquisition Partners of America, LLC (APA) takes pride in its unique approaches to service delivery. Developing competitive grants for desperately needed programs, delivering a strong return on your investment and creating exceptional programs, are all hallmarks of an APA/District relationship. Please call us today for a brief overview and proposal that will answer your questions and provide a path to new programs and resources.
